

INDUSTRY INSTITUTE CELL:

Roles and Responsibilities:

1. Organizing visits to industrial establishments for students to gain practical insights into real-world operations.
2. Arranging workshops, seminars, and guest lectures conducted by industry experts to keep students updated on industry trends and practices.
3. Coordinating with industries to facilitate student internships, providing them with hands-on experience.
4. Collaborating with industries for on-campus placement drives and career fairs to connect students with potential employers.
5. Encouraging students to undertake industry-relevant projects, fostering practical application of theoretical knowledge.
6. Promoting collaborative research projects between faculty and industry, with funding support from the industry.
7. Creating and maintaining strong networks with industry associations, organizations, and professionals.
8. Involving alumni in industry interactions, mentoring, and placement activities.
9. Maintaining records of industry interactions, collaborations, and outcomes for reporting and future planning.
10. Regularly updating stakeholders, including faculty and management, on the progress and achievements of the Industry Institute Cell.
