

NSS Cell:

Roles and Responsibilities:

1. Engaging students in various community service activities to address local needs and contribute to community development.
2. Creating awareness among students about social issues, environmental concerns, and the importance of community service.
3. Organizing health camps, awareness programs, and sanitation drives to promote health and hygiene in communities.
4. Conducting educational programs, literacy campaigns, and workshops for the benefit of underprivileged individuals.
5. Organizing and participating in blood donation camps to contribute to healthcare initiatives.
6. Undertaking activities such as tree planting, waste management, and cleanliness drives to promote environmental conservation.
7. Facilitating skill development programs and workshops for community members, particularly in rural areas.
8. Training students in disaster management and organizing drills to prepare them for emergencies.
9. Providing opportunities for students to take on leadership roles within the NSS unit and develop leadership skills.
10. Maintaining records and documentation of NSS activities.
