

TRAINING AND PLACEMENT CELL – T&P Cell

Roles and Responsibilities:

1. Building and maintaining strong relationships with various industries, organizations, and recruiters.
2. Organizing on-campus and off-campus placement drives to connect students with potential employers.
3. Conducting workshops, mock interviews, and aptitude tests to prepare students for placement processes.
4. Identifying and providing internship opportunities for students in collaboration with industries.
5. Providing career guidance and counseling to students, helping them make informed career decisions.
6. Conducting sessions on personality development, communication skills, and interview etiquette.
7. Assisting students in creating effective resumes that showcase their skills and achievements.
8. Liaising with companies to understand their hiring needs and requirements.
9. Negotiating and finalizing placement agreements with recruiting companies.
10. Maintaining a database of student profiles, including their academic achievements, skills, and career preferences.
11. Gathering feedback from companies and recruiters on the performance of placed students.
12. Involving alumni in placement activities, including providing job leads and networking opportunities.
13. Generating and presenting periodic reports on placement activities, success rates, and trends.
14. Compiling and sharing placement statistics with students, faculty, and management.
