INSTITUTION VISION, MISSION AND QUALITY POLICY

VISION

To be recognized globally as a leading institute that produces visionary and socially responsible engineers who make significant contributions on startups and towards the advancement of knowledge, technology, and society.

MISSION

- M1** To empower and inspire the next generation of engineers to excel in their entrepreneurship, professional pursuits, contribute to global technological advancements, and address societal challenges.
- M2** To provide a rigorous and comprehensive engineering education that equips students with theoretical knowledge, practical skills, and a mindset for continuous learning.
- M3** To facilitate advanced learning and industry related projects.

QUALITY POLICY

- Strive for excellence in teaching, research, and project-based learning to develop well-rounded, competent engineers.
- Implement effective student feedback mechanisms for continuous enhancement of teaching methodologies.
- Facilitate internships, industry visits, and guest lectures to bridge the gap between academia and industry.
- Encourage faculty and students to engage in cutting-edge research and innovation projects.
- Maintain state-of-the-art facilities, laboratories, and technology infrastructure to support effective teaching, learning, and research.
- Promote community engagement and social initiatives to contribute positively to society.
